

3 reasons to join the housing queue

#1

Insurance for the future

For SEK 305 per year – less than SEK 1 per day – you collect queue time that could make all the difference the day you need a home.

A small investment that can make a big difference.

#2

Fair rules for everyone

We broker rental homes based on queue time. No shortcuts.

Simple and transparent all the way home.

#3

More homes than you think

Student, youth and senior housing – plus small studios and larger family apartments in several municipalities and at different price levels.

New rental homes are added all the time.

Join the housing queue today

It's not complicated. It's smart. One registration. Lots of opportunities. That's all it takes.
